PEABODY COMMUNITY HOUSE

BOYS' FEDERATION

In the fall of 1913, perceiving that many boys in Peabody were in great need of some attractions and activities to keep them off the streets, engage them in healthy play and stimulate wholesome ambitions, a group of public spirited men raised five or six hundred dollars and, with the use of the basement of the Wallis School through the winter, found an attendance of about two hundred boys each night eager to enjoy the athletics, sports, games and reading offered there. The same work was continued for a second winter. This was known as the Peabody Boys' Fraternity. But the conditions were very unfavorable. The quarters were crowded, ill-ventilated and not well adapted for this work.

During the same period a group of earnest women was doing a similar work for the girls of Peabody.

By the winter of 1915-16 the crying need for carrying on this work on a more adequate scale had become very evident. The forces behind the boys' work and the girls' work joined in a common enterprise and the Peabody Community House was incorporated, and in an eight days' campaign in February, 1916, under

the direction of Mr. C. J. Atkinson, Executive Secretary of the Boys' Club Federation, New York City, a campaign in which about two hundred people participated, the manufacturers and the people of Peabody splendidly responded with an endowment of about \$22,000.

REMARKS ON SUPPORT FROM MANUFACTURERS

The Campaign and the work for the Community House received the most active support from the Manufacturers of the City.

'In the Campaign they contributed very liberally, and were it not for their support, the entire work of the Community House would have been impossible.

Their interest, however, did not stop with the Campaign, but continued throughout the

entire year.

A careful perusal of the list of givers to be followed elsewhere in this booklet will show the extent to which all the manufacturers supported the Community House.

Special mention should be made of the splendid gift made up from the Swift Company, divided between the A. C. Lawrence Leather Company giving \$3500 and the National Calfskin \$1500, making a total of \$5000 from these two alone. This illustrates the generosity of the large manufacturers and the personal interest they take in this work and in the city itself.

It is unusual, that manufacturers enter so heartily into work of this nature, and Peabody can be proud of its manufacturers and their generosity to the Peabody Community House.

SELECTION OF THE SUPERINTENDENT

The Committee selected to choose a Superintendent looked thoroughly over the entire field of candidates, and at Manchester, N. H. found exactly the kind of man they were looking for.

Mr. Van Norden was chosen Superintendent by this Committee, and afterwards elected by the Directors.

He had had considerable experience in this kind of work, his last place being Superintendent of the Boys' Club at Manchester, N. H.

The year's work showed that we had made no mistake in the selection of Mr. Van Norden as Superintendent. He was earnest in his work, a good disciplinarian and an effective worker in every way. The burdens thrown upon him were considerable, inasmuch as it embodied both work for boys and work for girls, and he had no precedent to go by, the work, the workers, and even the officers and directors, being new to the work, and none of the work being previously organized.

It was with a great deal of regret that we lost Mr. Van Norden, as he saw fit to be one of the first to join the war forces of the United States.

GYMNASIUM

PRESIDENT'S FIRST ANNUAL REPORT

In his first annual report President Moore said:—

I am glad to report that we hold the record per capita for the amount raised. Larger amounts have been raised—but for our population we raised more than any other community.

Too great praise cannot be given to the Directors, Secretaries, Captains, Team Workers and Givers. It was a notable response for a noble institution and the People of Peabody,

should be very proud of their work.

Special mention should be made of the way the Manufacturers of this Town supported this move and gave most generously. The Leather Manufacturers, almost without exception, gave largely and made our work possible. We owe it to them to conduct this work in a perfect way and to handle the funds given us with the utmost fidelity, and to show to them that both we and the work are worthy of their continued support.

And the patriotic way in which the citizens supported and gave up their money must not be passed by. When we consider that over 2000 persons contributed, we begin to realize the active support given to the Community House by the People of Peabody. They have placed us, Directors of the Peabody Community House, in their debt, and it is up to us to pay it back with interest, not in money, but in human values, with saved boys and girls, with trained workers, with thinking, healthful children and an increased interest for the welfare of the individual.

We purchased for our Home, the Shaw Estate on Holten Street, and obtained a splendid place for our work. We paid \$9000 and have been remodeling the place to suit its new needs, installing electricity, oiling the floors and remodeling the heating apparatus.

Now that we have started we will show the people of Peabody that their trust in us has not been in vain. We will give them a work of which they will be proud, and of which they will be glad to support to the limit of their power.

SUPERINTENDENT"S ANNUAL REPORT

1916-1917

Peabody, Mass., June 1, 1917.

The Community House opened on a Boys' Day, Nov. 14th, and closed on a Girls' Day, June 1st. During that time 672 boys and 585 girls enrolled as members, and a total of 10,998 boys and 10,885 girls attending for the season. 7022 boys enjoyed the use of the games and 123,655 girls. 3,890 boys patronized the shooting gallery.

The Community House has provided wholesome activities; also Educational Classes, not only for boys and girls, but for ladies as well.

Gymnasium

The gymnasium is the centre of the largest number of activities. Classes were held every afternoon for Grammar School and High School boys, and evening classes for employed boys, and for senior boys over 18 years. The High School Track Team used the gymnasium for practise, and the High School baseball team had early in-door practise in the Spring.

Basketball has proven to be the most popu-

lar sport, competition with Salem Fraternity teams have been enjoyed by our boys, also class games.

Games Room

The game room is the "Harbor of Fun" especially for the smaller boys and girls, each one trying to out do the other in lung capacity. To see and to hear these children at their play are two different things, one on seeing forgets about the noise and observes the happy, laughing faces. Our games consist of pool, checkers, caroms, bean bag, picture puzzles, ring toss, dominoes, etc. Three checker matches were played this winter, two with Lynn Boys' Club, and one with the Salem Fraternity.

Library

Every live boy and girl has some hero or heroine tucked away, that is their ideal. They may find it in everyday life or it possibly is in some book. Good, wholesome books create clean thoughts and new companions for imitation. Mr. John E. Keefe, the City Librarian, has been a great help in this respect of furnishing the House Library with good books. Number of boys and girls reading 5220.

Wood Working Room

This class has been in existence only two months and has proven a great educational value, especially to the boy who likes to make things with his hands. The School Board loaned the Community House ten benches and tools. This class should be very successful next winter.

The Trial Board

This group consists of the older boys of the House. It consists of two boy judges and one adult judge, clerk of the court, and three boy lawyers. The Superintendent makes the House Rules and the Trial Board enforces them. Much of the well deserved success of the Board is due to Judge Wm. H. Fay, Attorney E. A. Hershenson and Miss Marion Taylor.

Girls' Activities

Classes

Tatting, crocheting, knitting, plain sewing, paper flower making and clay modeling have been busy classes during the winter. The object of these classes is not to increase the number of instructors, but merely to teach girls how to be more useful in the homes.

Gymnasium

Three classes were held twice a week for Grammar School girls, High School girls and employed girls.

Folk Dancing

Folk dancing class met twice a week. The gratifying results of folk dance instruction was seen at the May festival, where over 100 boys and girls took part, and five or six different

nationalities gathered together to admire the entertainment.

Dramatics

Dramatics have taken form only in "amateurisms" during the social hour. This is a splendid outlet for imitations, and much more should be done in this direction next year.

One Self-Governing Club has been organized, the purpose being to discuss questions of the House, and to help discipline and to promote social activities.

Senior Activities

Four dances have been held by the young people, also an auto-bus ride and a feed.

The Home Nursing class for ladies under the direction of Mrs. H. S. Pomeroy enjoyed a very interesting course of ten lessons.

The First Aid class has proven a success from the start. The class now numbers 40 members. The class has had five lessons. Drs. Pomeroy, Foss and Jordan have given lectures.

Volunteer Workers

The Superintendent wishes to take this opportunity to thank all of the workers, who with untiring efforts and faithfulness, have helped to make this first year of the Community House a successful one, and it is with regret that I leave this work, the importance of which I believe is second to none in this community.

Respectfully submitted,

(Signed) H. G. VAN NORDEN, Superintendent.

THE SECOND ANNUAL REPORT OF THE PRESIDENT OF THE PEABODY COMMUNITY HOUSE

Members and Friends of the Peabody Community House:—

We have completed our first year of service. I am very happy to say that it has been a success from the start. The splendid co-operation of the officers, managers, friends and above all of the superintendent and his workers is chiefly responsible for this result.

On November 14, 1916, we opened the reading and game rooms to the people of Peabody. From that day to the day of our closing the house has been completely filled by boys and girls, all enjoying a good time under pleasant, healthful surroundings, and under the guidance of friendly helpers and workers.

On November 15 we gave a lunch to the visiting members of the New York Federation of Boys' Clubs of which our chief adviser, Mr. Atkinson, is the Secretary.

On November 27 we purchased a Victrola for the house, which has made things merry ever since.

We held a Christmas celebration, which also proved a most enjoyable occasion.

On January 2 we were given an instructor's talk by a speaker from the Lincoln House, Boston, which gave us further ideas in the conduct of a Community House, such as ours.

On March 5 our Gymnasium was opened to the boys and girls. The Gymnasium Committee had done their work well. The gymnasium was splendidly arranged and equipped and we found it fitted and ready for active use. It has been a busy place. Day after day, night after night it has been filled with people and with life. It has also been used as a place for dancing and social activities. We should be proud of our gymnasium. This year we should add both to the equipment and building if possible, so as to make it even better and more adapted to our larger work, with possibly a hall and bowling alley, as two of the new things to work for.

We supported the Greek Work by taking up the part formerly carried on by the Y. W. C. A. which repaid us in full and overflowing in the splendid May Festival carried through by the Y. W. C. A. to a most successful outcome.

We held one forum meeting one Sunday in the Peabody Institute. This was well supported, and showed not only the need of further work along this line, but that such work would be well supported by the citizens of the city.

We were very fortunate in receiving the services of Mr. Van Norden as superintendent. He put the best he had to give into this work and built it up steadily from the start. He was

helped by a large number of workers, a few paid ones, but most of them splendid volunteer workers of exceptional ability, faithfulness and energy. These people really made the years' work the success that it was. It is impossible to say too much about their efforts or their results. We owe them a debt of gratitude that it will be hard to pay.

The Managers and Officers of the Peabody Community House have worked splendidly together to carefully build up the years' work. They have put time and energy without stint into the work and the results prove the value of their labors. I personally thank each and every one for their hearty co-operation.

Now, as to our future. In these troublesome times we have got to put our shoulder to the wheel, as never before. Good as has been our work in the past, we must now make it more complete and even make it productive of greater results.

We begin the year with a complete plant, in full operation. We start with assistance of both a director of boys' work and girls' work. We have the experience of the past to help us in the future. We have hard work ahead, but we have courageous people to tackle it. We have got to raise a large sum of money for the general expenses, but we now know the generosity of Peabody, her citizens, and her manufacturers, and have no fear of the result. We but look forward to a fuller, more complete work, with

even a better co-operation, with more aid from the many helpers, with trained forces and a splendid equipment to help us accomplish our work even better than during the past year. Let us altogether join in with enthusiasm and courage and make the Peabody Community House a great power for good, make it of real benefit to the largest number and to fulfill our duty to the House, to the City, and to its people.

Respectfully submitted,

FRED N. MOORE President.

Peabody, Mass., October 8, 1917.
